Community Education at
651-407-2014.

Whether you are a first time parent or you have several children at home there are steps to take to make our homes safer and parenting less stressful. A safe home environment will provide your child/children the opportunity to explore, grow, and learn without constantly having to be told “no” and for parents to have peace of mind.

Parents, grandparents, caregivers, childcare providers will get a wide variety of simple, practical strategies to make your home safer for children from early childhood to teens.

Come and join us and bring your childproofing questions.

Presented by Peter Kerin

Affiliated with; International Association for Child Safety, Minnesota Safe Kids Campaign, and Injury Free Coalition for Kids.
